It's exam time!

Each year I give tips on how to assist your child with exams, but all I really want to say now is that you need to enforce study time whether they like it or not. Please ask your child questions about what they have studied, this way you will know if they are ready for the exam. Send them back to study more if you are not satisfied.

Please ensure that your child has all the stationery required as borrowing is NOT permitted during exam time.

We wish our Grade 4 learners all the best with their very first exam!

- Thank you for the wonderful support at the Entrepreneurs day. The buzz of activity in the hall was exciting. I am sure the learners you supported were most grateful.
- The Bible Quiz this year, was a huge success. The Lions and Eagles competed to win the competition and had questions on biblical aspects as well as on Christian music. There were charade type questions, singing answers and even a teacher challenge. Well done Lions for your victory!
- BIG WALK: What a beautiful day we had. God blessed us with amazing weather and our children were so motivated to do the best that they could. Well done everyone and THANK YOU for joining us. To those who assisted with any of the functions at the BIG WALK, know that you are greatly appreciated!
- **READER LEADER:** Well done to everyone who participated. Our foundation phase winner is Rayah Dollery, who read 3 311 pages and our intermediate phase winner Leandra Heyns, who read 6 309 pages. Well Done!. Keep on reading 😊
- School ends at 1 pm for the entire school from the 20th of May due to High School exams. There will be no sports practices after school.
- **EXAMS:** Learners may go home after their exams. Exam times will be put up on the noticeboard for your child's reference so you can plan accordingly.
